Thinking Out Loud

(By H. M. L.)

Have you ever noticed that children rarely beat about the bush. Their words express their thoughts, with startling and often embarassing clearness. The Nugget on Friday published a series of short paragraphs written by the children of Washington school on the topic of why a new school house is needed. One issues a notice of 450 war helmets ordered to keep small, busy heads safe from falling plaster. Another comments that her grandmother went to this school. A third remarks that "this school house is worn out." All in all it was both a fascinating and refreshing list of the reasons why a new school house is needed.

Seven hundred children marching, more probably than ever before gathered at one time in Nevada City streets, was an impressive spectacle Friday night. The banners, the placards, comic and serious, the color and the miner's torches, the music of the high school band, made a great pageant, and appeal for the bonds. One either loves seven hundred children, (no relatives among them maybe,) more than property or money, and votes the bonds next Thursday, or he loves to hold tightly to his money and property. is willing that the children shift as best they can, and votes "no" on the bonds. There is really no middle ground in this instance, you turn to the right or left, as your conscience permits or dictates. The test of all good citizenship is how great a sacrifice it will make for the next generation.

Grass Valley shows the way. On Friday voters in the Grass Valley school district piled up a majority of 784 votes to 58 for a bond issue of $75,000 for a new elementary school. Of this amount the PWA will contribute a grant of $47,000. Nevada City on Thursday will have an opportunity to follow suit with perhaps an even greater majority in favor of the bonds. The campaign for the bonds in Grass Valley was conducted by a committee in which service clubs, lodges, patriotic and civic organizations all had representatives.

The war is really begun in Ethiopia. One of Europe's big bullies has ordered some 200,000 soldiers to invade the only black empire in the world. Dispatches state that women and children were killed in a bombing raid on Aduwa, and that hospitals were destroyed. We are frankly suspicious of war dispatches from whatever source. Unless the Associated Press or the United Press is able to send uncensored reports of what is happening, there is little reliance to be placed on war reports. The more important news, is really not what happens in battles, but what England and the League of Nations are going to do about this war.

No crowned head of Europe on tour of his country meets with the homely courtesy and neighborly welcome that the President of the United States does. The reason is that in this free republic of ours people have no special reverence for the President. He is top man, to be sure, for four or eight years, but he is the Nation's top man because the people voted him to the office. At Cheyenne, a delegation of citizens climbed aboard the President's special and presented him with a saddle of antelope. At another stop, despite the vigilance of secret service guards, someone got near enough to him to toss him a chrysanthemum which Mrs. Roosevelt promptly pinned on his lapel. The crowds at the various stops along the route were not nearly so large as expected. At Omaha, it had been anticiuated 100,000 would greet him. Only 15,000 turned up, but generally speaking the weather was bad and that probably had a lot to do with the attendance.

"Time" tells a story of relief and birth control. In Iowa the official policy has been not to give families on relief birth control advice. A teamster, 64 years, seven years since married a girl, robust but not brilliant, 17 years of age. Three daughters were born and as fast as they arrived they were taken to the city orphanage at Council Bluffs. And now this family on relief, the father 71 and mother 24, have produced twin daughters. Seven persons are now on relief where but two were before.

Here Are Answers to School Bond Queries

The Nevada City School Board, in order that all voters may thoroughly understand all aspects of the proposed bond issues for the schools and the reasons therefore, has prepared the following series of questions and answers:

Question: What is the amount of the proposed bond issues, and the purpose of each?

Answer: Bonds proposed for Elementary are $72,000.00, and for the High School $46,000.00. Elementary bonds are for the construction of a new building and furniture and equipment of same, total cost of which is estimated at $100,000.00. High School bonds are for addition of class rooms, a gymnasium, auditorium, new heating plant, furniture and equipment, to present school building, cost of which is estimated at $65,000.00.

Q. Bonds proposed are for less than amount of improvements contemplated, where does the rest of the money come from?

A. From "grants" from Federal Government, if approved. Application has been made to Federal Public Works Administration (PWA) for a loan and grant of $65,000.00 for high school and $100,000.00 for elementary. If approved, "grants" will be for amounts equal to 30 per cent to 45 per cent of each proposal. "Loans" for the balance. "Grants" are in effect gifts made to the districts subject to district's arranging to finance the balance "loan" with its bonds, which PWA agrees to purchase from district on a 4 per cent basis if "loan" as well as "grant" is approved. In any event, bonds do not have to be sold to the government, but can be sold to bond houses or other private agencies if more advantageous to do so.

Q. Is this form of financing advantageous to districts?

A. If someone offered to donate you 30 per cent to 45 per cent of the cost of a new house if you supplied the rest, what would be your answer?

Q. $72,000.00 elementary bonds and $46,000.00 high school bonds are to be voted. Will these all be issued and sold, if voted?

A. Not necessarily. Only such portion of each issue will be sold as the PWA grant does not cover. Based on present information, probably not more than $38,000.00 high school bonds need be sold. Until report on PWA application for elementary is received, exact bond requirements cannot be determined. The maximum need will be for $72,000.00 as set forth in election proposal, the minimum about $58,000.00.

Q. Please describe Nevada School District and Nevada High School District. Are they the same district?

A. NO. Politically, they are separate entities; geographically, they are identical, and consist of the following original school districts: Nevada, Indian Flat, Willow Valley and You Bet. Each is governed by a Board of Education, whose membership is identical.

Q. What is the assessed valuation of the districts, and why is this a matter of such importance?

A. Assessed valuation 1935, $1,779,905.00; 1934, $1,165,405.00, from which you can see that the assessment has risen over 50 per cent this year. This is important because school buildings are financed under California law by taxes assessed on the valuation of the district. (Nearly all the expense of school operation comes from the state, and is based upon Average Daily Attendance.) Thus last year, the bond issues now proposed would have called for a tax rate 50 per cent in excess of present estimates.

Q. What is the "bonding limit" of each district, and what is meant by this expression?

A. California law limits school building bonds to 5 per cent of assessed valuation of district. Elementary limit is $88,995.00; high school is $12,000.00. less, or $76,995.00—due to a balance of $12,000.00 high school 5 per cent bonds still outstanding on present building. Bonds proposed are well under limits.

Q. Please describe bonds proposed to be issued?

A. Both issues will be dated December 1, 1935 and will run for 25 years, with an interest rate not to exceed 5 per cent (in case of PWA approval of Loan and Grant, a 4 per cent coupon will attach, and in any event, it is believed, that District securities can be sold on a 4 per cent basis). Interest for the first year will be paid annually; thereafter, semi-annually. Maturities are arranged so that the tax rate will be gradually less over the 25 years.

Q. Why is it necessary to borrow this money now and improve and add to school plants? Why can't the Districts go ahead as they have been doing, without resorting to borrowings?

A. Because a critical situation has been reached. High school is crowded with 270 pupils in a building intended for 100 to120, and it is impossible to handle these pupils in present plant. Elementary school is a wooden structure built 68 years ago, and aside from the important fire hazard attaching, repairs of so extensive a nature are required that it seems better economy to erect a new building.

Q. Are the two bond issues separate proposals. May I vote "Yes" on one and "No" on the other?

A. Yes, they are entirely separate proposals.

Q. What have been the enrollments in high and in elemtnary in past five years?

A. Enrollment high — 1931, 176; 1932, 221; 1933, 224; 1934, 258; 1935, 272.

Elementary enrollment: 1931, 271; 1932, 284; 1933, 316; 1934, 380; 1935, 420.

Q. If the bonds fail to carry, what will be done?

A. In answering this question, it is hoped that voters will appreciate the position of Board of Education members, all of whom are substantial tax payers of this District, and who have submitted these bond issues to voters only after most mature deliberation, feeling that present conditions now warrant the proposed bond commitments without entailing a hardship on tax payers. In spite of this, should bonds not carry, legal and moral responsibilities devolving upon the Board would undoubtedly necessitate:

(1) Addition to high school, to conform to present attendance.

(2) Repairs and remodeling of Grammar School involving a considerable percentage of cost of new building.

In the absence of bonds, these capital expenditures could only be taken care of by extra budget taxation, under authorization of the State Board of Equalization. This would be, temporarily at least, very excessive and in no wise as satisfactory as a bond issue.

Q. How about taxes.

A. Exact amount cannot be stated until PWA has reported on both applications for Loans and Grants. Based on present information, maximum tax will be 55 cents per hundred, minimum probably 45 cents. Existing building tax of 20 cents on high school can be cut next year to 10 cents.

Q. Why should people who have no children in schools be interested in voting YES on these bond proposals—is there a practical advantage in good schools, may citizens expect a return in dollars and cents?

A. Indeed, yes. Advertising value of good schools attracts, families to a community, with corresponding increment in population, trade, and increase in vested interests, assisting tax rate accordingly. Shabby shops bring little business, and only a backward community is satisfied with poor schools. Nevada City is the best place on earth to live; hundreds of people have come to us recently, hundreds more will make their homes here if we give them the right kind of public institutions.

There's only one answer—Vote "YES" for both proposals at the Bond Election on October 10th.

Nevada City Board of Education.

J. F. Colley, P. G. Scadden, Wade Armstrong, T. W. Richards, R. J. Bennetts, H. A. Curnow, E. M. Rector.

SEVEN HUNDRED CHILDREN MARCH IN BOND APPEAL

Following the Pied Piper of Hope, 700 "children," from first graders to faculty members, from the grammar school and the high school, marchd through the streets of Nevada City last Friday evening to make known the fact that the school bond issue is seriously important to them. Throngs along the streets cheered the teachers and students for their spirit in putting over such a well planned parade.

John Fortier, as grand marshal, lead the line of march which started from the Armory Hall at 7:30. The Nevada City high school band followed, playing snappy march tunes along the way and bearing a sign which read: "Are We A Community Asset? If So, Give Us a Fit Place nn Which to Practice."

The honor feature of the parade was the car which followed the band and which had as its passengers Mrs. T. S. Ford, and Mrs. H. J. Wright, only remaining members of the first grade of the Washington grammar school in 1868, the year in which the school was built. Mrs. Libby, faculty member of both schools, drove the car.

Members of the student body of Nevada City high marched in classes lead by the freshmen group. Miners lamps and lanterns furnished illumination and added color to the parade. Signs, appropriate to the occasion, were carried by students along the line of march.

The two school buses from San Juan and Willow Valley were next in line, each bearing signs showing the increase in students riding on them during the period from 1930-1935.

The school traffic officers lead the grammar division and the children marched according to classes with the little tots at the head. Quite as serious as their elders, the youngsters in the lower grades entered into the spirit of organized yells and peppy marching with earnest vigor. The second graders wore hats upon which was printed "Class of 1946." Another class turned out in army helmets and hardboiled miners' hats and carried a sign saying. "We were protected from falling plaster." The P. T. A. entered a car with a sign assuring their endorsement of the issues. A group of young ladies dressed in the style of 1868 carried a placard which read. "Customs change; so should schools."

A fitting ending to the line was a horse and buggy driven by two grammar school students. On the side of the buggy was printed. "Good Enough in 1868; Not so good in 1935."

Principals Carlson and Kjorlie and faculty members of both schools were in the line of march. Nothing but an issue of the utmost importance could have inspired 700 youths to turn out for a street parade. Nothing but the utmost in cooperation could have made it th success it was. Nothing but affirmation of the school bonds on Thursday by the cttizens of this city will be a fair solution to the problem which exists at the present time.

NEW EXTINGUISHERS PUT OUT S. JUAN FIRE

The five fire extinguishers purchased by the San Juan Ridge improvement league were put into action for the first time yesteerday. F. Garcionie saw a blaze back of the Washburn home and reported it to Wm. Moulton who immediately telephoned to William Sharp, state ranger. The ranger and his crew hurried to the scene.

In the meantime the local men got busy with the fire extinguishers. They are water extinguishers, a five gallon tank of water is carried on the back of a man who pumps water from it.

Mr. Washburn, Will Cunningham, Stanley Bice, Frank Miller and Gordon Wood put the tanks aboard their backs and soon had the fire under control. It burned over four or five acres and would have spread much further had it not been for the prompt work of the men with the aid of the extinguishers.

The state ranger's crew arrived in short time but the fire was already under control.

Women Boost Bonds! Hi Visitors Recite Story of Congestion

Having secured and published interviews with business men of Nevada City and with students of the Washington grammar school, the Nugget now presents statements from women who have shown interest in the school children and the bond issue. The following two are from the leaders of the P. T. A. in each of the schools:

Mrs. Leland Smith, President of the Grammar School P. T. A.

"One of the aims of the P. T. A. is to bring into closer relationship the home and the school that parents and teachers may cooperate intelligently in the training of the child, and to develop between the educators and the general public such united effort as will secure for every child the highest advantages in physical, mental, moral, and spiritual education. The children of our community have been handicapped by the inadequacy of buildings and facilities; but the people of our community now fully realize this condition and are not going to tolerate it. They are uniting forces with the board of trustees to pass the high school bonds which will furnish new and adequate buildings for both the high and elementary schools. I feel confident that practically every voter will vote yes on these schools bonds."

Mrs. D. D. Joyal, President High School P. T. A.

"The high school P. T. A. stands definitely behind the bond issue. There is no question of the need for the proposed improvements. Any great work must call for some sacrifice. However, the small increase in taxes would be more than balanced by the increase in property value, due to bringing our schools up to date. The return on the output is so great that there should be no demur on the part of any voter".

The following two interviews were given by two women who accepted the invitation of the faculty and students of Nevada City high school and who visited the school to see for themselves the actual conditions in existence there:

Mrs. Amy L. McGraney.

"I visited the high school on Wednesday last to see for myself the crowded condition of the school. I found the girls' locker room was congested beyond belief and the assembly room totally inadequate to seat the number of students enrolled. It must be evident to all that the schools must grow with the town."

Mrs. G. M. Bettles.

"To all who are in doubt as to the need for improvements and enlargements at the high school, I can only suggest that they do as I did and pay the school a visit during school hours. The condition of overcrowding is acute. The federal government is ready to give us a large part of the needed money if we will subscribe the rest. The bonds will be a light burden for this most fortunate community and both schools need the improvements. The schools are the real heart of our community, and I shall certainly vote for the bonds."

ANOTHER DEER GIVES ATTORNEY CLOSE CALL

Coming down to Nevada City from his home at McKeesport, the other morning Attorney Harry L. McKee, had another narrow escape from collision with a deer. This time it was a half grown fawn, stepping out of the brush that came trotting toward him on the wrong side of the road, that is, the wrong side of the road for the deer. Mr. McKee was able to step on the gas and swerve to one side thereby avoiding killing the deer and the fawn became vastly alarmed as the car met him and bounced away into the trees. This is the third narrow escape Mr. McKe has had on the Tahoe-Ukiah highway, because of very careless deer.

YELLOWJACKETS WALLOP AUBURN

Playing the first league football game of the season, the Nevada City Yellowjackets played excellent ball to defeat the Auburn B team with a 7 to 6 score on the home field last Saturday. Still unable to produce heavy enough teams to enter the A division of League competition, the local high school is concentrating upon the building of a championship B outfit this season.

Auburn kicked off, and Burgen on the receiving end, carried the pigskin from Nevada City's 15 to the 30. The locals opened an offensive attack. but had to kick. Jones booted, but muffed the kick and only put it up on Nevada City's own 45 yard line. From then until the end of the first quarter, a good deal of see-sawing was done, and it ended with Auburn in possession of the ball on Nevada City's ..45.

During the second quarter, the locals managed to make three of four first downs and had it down on the opponent's fifteen at one time. An intercepted pass, however, stopped the march there and the half ended with both elevens scoring.

The Yellowjackets opened with an offensive attack at the start of the third. With passes working like machinery and the boys out for a tally, they found themselves on the opponent's thirty. Stevens took a pass from Budie and dashed across the goal line for the first score of the day. Burgen converted with a split buck and the quarter ended: Nevada City 7, Apburn 0.

A long pass over Budie's head into the waiting arms of an Auburn player was the play that turned the trick for the Auburn B's. Their attemps to convert was muffed when Nevada City blocked a dash through center. They kicked, and at the end of the game the ball was in Yellowjacket possession on their own 35 with the score: Nevada City 7, Auburn 6.

The crowd at Saturday's game was the best yet to appear at the local gridiron, and fans were rewarded with a game of exciting football. The blocking of the local boys has improved greatly but is not yet up to the expectations of Coach B. C. Barron. The two game schedule of last week did not leave a great deal of time to polish up on rough points, but improvements was obvious. Steger was not even in uniform as he's still nursing a bad ankle from the Grass Valley tussle. The team missed his presence more than once during the game.

Those who started were: LE, Elliott; LT, Stephens; LG, and captain for the day, Roberts; C, Tobiassen; RG, Doolittle; RT, Moulton; RE, Tuttle; Q, Stevens; LH, Budie; RH, Burgen; F, Jones. Substitutes who saw action were: Bonner, Younkin, Widauf, Bennett and Perez.

Burgen, Roberts, Doolittle and Stevens deserve mention for a good game though no starring was done.

LOUD SLEEPER DISRUPTS TELEPHONE SERVICE

Officer Herbert Hallett was called at an early hour Wednesday morning to take a "loud sleeper" from the public telpehone booth of the Pacific Telephone and Telegraph company on upper Broad street. He was making a bed room of the tiny booth and obstructing phone service. The man could not recall his name and was taken to the city jail and locked up. Chief of Police Garfield Robson stated he was obstructing service, but from the strength of his lungs, since being locked up, he didn't need a telephone and would make a first class entrant in any hog calling contest.

Lets Vote Yes

"The time has come," the children said,
"To speak of many a thing,
Of creaking boards and plaster showers
In tones that fairly ring."

And so their clever lines they spoke
And told us oldsters how to vote.

"How would you like," I heard one say,
"To lose your child by fire some day?"

"And how'd you like," another said,
"To buy steel helmets for each head?"

"We need those bonds," cried one, "and how;
Please mister, vote 'em here and now."

"And why should we," asked little Buddy,
"Learn things where grandma used to study?"

We can't ignore the words they say,
Let's do our best by them today.

To gamble with these tender lives
Is neither kind, nor just, nor wise.

Let's heed the words our children say
And vote those bonds this very day.

—A. MERRIAM CONNER.

SMALL SHOE SHINER DOES QUICK THINKING

Nevada City's diminutive shoeblack, kit in hand, stopped directly in front of huge six-foot-plus man near the National Hotel Saturday and laying his head back on his shoulders sang out: "Shoe shine, sir?" Then his eye wandered down to the prospective job and in a startled tone he added: "Work shoes-twenty five cents."

ALIAS SUMMONS.
No. 6395

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

Action brought in the Superior Court of the County of Nevada and Complaint filed in the Office of the Clerk of the Superior Court of said County.

Jones and Finnegan, and Drum, Tucker, Martell and Drum, Attorneys for Plaintiff.

HERBERT M. BERGEN, as Executor of the Last Will and Testament of Karolina Bierwagen, Deceased, Plaintiff, vs. W. E. SODEN, Defendant.

The People of the State of California Send Greetings to:

W. E. SODEN, Defendant.

You are directed to appear in an action brought against you by the above named Plaintiff in the Superior Court of the State of California, in and for the County of Nevada, and to answer the Supplemental Complaint therein within ten days after the service on you of this Alias Summons, if served within the County of Nevada, or within thirty days if served elsewhere, and you are notified that unless you so appear and answer as above required, the plaintiff will take judgment for any money or damages demanded in the Supplemental Complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Supplemental Complaint.

Given under my hand and seal of the Superior Court of the County of Nevada, State of California, this 7th day of June, 1935.

R N McCORMACK,
County Clerk and Clerk of the Superoir Court of the State of California, in and for the County of Nevada.

(Seal Superior Court, Nevada County.)

FUNERAL RITES FOR MISS E. WALKER

Funeral services for the late Miss Elspeth Walker who passed away suddenly on Friday were held this afternoon at the Walker family home in Grass Valley at 2 o'clock. Miss Walker was seventy years old and a native of Grass Valley. She was a past matron of Aurora Chapter, O. E. S. and throughout her life an active member of the Congregational church in Grass Valley. Interment was in the Masonic cemetery. The only surviving relatives are cousins in Wheatland and Sacramento.

"But only last week he told me his business was at last on a firm foundation."

"Yeah, but he meant it was on the rocks."

NEW!
AN OLD FRIEND IN A NEW DRESS
Note the smart ever-cool ebony black handle. The top, front and sides are of highly polished aluminum. The legs are of hard-finish ebony enamel. The heating element is guaranteed 5 years against burn-out.
Couldn't be made Better...so it was made more Beautiful

Personal

Merle Peterson of San Francisco returned home a few days ago after a few days visit with his mother, Mrs. Charles Smith, at Secret mine east of Nevada City.

Mr. and Mrs. Clay Epperson and son of Bakersfield, left for home on Sunday after spending the week end with Mrs. Epperson's parents, Mr. and Mrs. Charles Guenther of this city.

Mrs. Clara Phillips of Nevada City had as week end guests her youngest daughter, Mrs. Howard Shebley and Mr. Shebley of Oakland.

Mr. and Mrs. Carl Smith and baby of Geyserville passed through Nevada City Friday enroute to the Secret mine southeast of Washington to spend the week end with their relatives, Mr. and Mrs. Charles Smith.

A hunting party composed of Mr. Shirley Gage, Frank Williams, Elmo Williams, Tom, Jim, and Norman Kistle enjoyed a deer hunt near Bowman Lake Sunday. Mr. Gage succeeded in killing a big five point buck early Sunday morning.

Mr. Charles Hemler, located at the Bean Auto Court in Nevada City made a business trip to San Francisco today. Mr. and Mrs. Hemler are new arrivals in this city and wish to locate here permanently.

Mrs. Mae Hemseth for suggesting the best name for a new grocery store in Grass Valley, received a prize of $5 worth of merchandise.

Mrs. Emma Worsley of Santa Cruz and San Francisco, radio singer, who has been visiting her family here, returned Sunday to her home.

Clyde Breuger is putting up a new cabin in Willow Valley adjoining his home.

H. F. Sofge is reroofing a cabin in his Willow Valley holdings.

BISHOP PORTER WILL SPEAK AT DINNER

Bishop Noel Porter of the diocese of Sacramento of the Episcopal church of Nevada City will be at the dinner to be given by th ladies of Trinity church on October 11 to which the public is invited. After the dinner Bishop Porter will give an address. Many of the people of Nevada City have heard Bishop Porter talk and will welcome the opportunity to hear him again.

The ladies of the church will give the dinner on Friday evening, October 11, in the Masonic Hall which has been generously donated to them for the occasion by the Masons. The public is cordially invited to attend this dinner which will cost 60c a plate. A fine home cooked dinner is promised. The ladies of the church will do all the cooking themselves, though it is rumored that the vestry will be called upon to peel the potatoes. Potatoes for two hundred! As it is a dinner for two hundred that is being planned.

The object of the dinner is to give the public an opportunity to hear Bishop Porter and also to raise money for the Parish Hall fund.

Mrs. E. C. Uren, president of the St. Agnes Guild, is in charge of arrangements. Thursday night a meeting was held at her home on Broad street and arrangements for the dinner made and the menu discussed. Arrangements will be completed at a meeting to be held at the E. M. Rector home on Broad street this evening at 7:30. All guild members and those interested in helping are invited to this meeting.

V. F. W. IN DRIVE FOR MEMBERSHIP

(By C. E. BOSWORTH)

If you served in any foreign war in which the United States participated, you should join with us. The Veterans of Foreign Wars was organized in 1899 by a group of Spanish War Veterans, with the following object in view:

The object of this association are fraternal, patriotic, historical and educational; to preserve and strengthen comradship amongst its members; to assist worthy comrades; to perpetuate the memory and history of our dead, and to assist their widows and orphans; to maintain true allegiance to the government of the United States of America, and fidelity to its constitution and laws; to foster true patriotism; to maintain and extend the institutions of American freedom; and to preserve and defend the United States from her enemies, whomsoever.

Don't be a slacker. The V. F. W. needs you now as much as the government did in 1917 and 1919. Join in the parade, don't stand on the side lines and watch the parade go by.

You may ask what has the V. F. W. done for me and for the veterans in the hospitals H.ere are only a few of the things that the veterans have done. They got the disabled veterans hospitals and made them easier to get into. Got new compensation and insurance laws passed, got protection for dependents in pension laws, got the fifty per cent loan act passed on the bonus, cemeteries in France, and sent the gold star mothers over to see them.

You don't think congress played Santa Claus all by himself do you? It took an organization to do those things.

The best thing that the V. F. W. has done was to establish an orphans' home for the orphaned children of the veterans. This home is in Eaton Rapids, Mich This home is supported solely by the V. F. W., and each state has its own building and supported by that individual state.

The local post here, which is named Banner Mountain Post, No. 2655, is constantly helping veterans and their families that are stranded in our community with no means to leave, and half the time with nothing to eat. We are contributing our share to the National Orphans Home constantly working to uphold the government of the United States of America, and to help one another.

We have set aside one meeting night each month to have a real veterans get together and to talk over some more about the Medamoiselle from Armentiers.

Banner Mountain Post now has a drive on for new members. We are initiating a large class in the near future. The drill team from Lansdale Post, Sacramento, is putting on the work.

Join up with us Saturday night, October 19, and help us to help you. Come in with this class and have a good time with veterans that have served with you. After the meeting we are having a stag smoker, and Oh! Boy! talk about entertainment, we will have it.

Leave your name and address with John O'Neill, or C. E. Bosworth at the Bosworth Furniture Store, or any member of the V. F. W. and the membership committee will call to see you. Don't put it off join now and see what the V. F. W. stands for.

LOCAL HUNTERS BRING IN THE DEER

Several parties of deer hunters spent the week end in the high Sierras and some fine deer were brought in.

A party leaving Nevada City for Alleghany Saturday were Chief of Police James E. Davis of Los Angeles; G. K. Brietenstein, who is in charge of "calling all cars" program, Los Angeles police department; Roy Terrill, post master, Grass Valley, and Russell B. Farley, liquor administrator, Nevada City. They were joined at Alleghany by Sheriff Dewey Johnson and Ray Hawkins. A three point buck was killed by the party and taken to Los Angeles by Chief of Police J. E. Davis Sunday. Saturday evening Ray Hawkins and Sheriff Johnson served a rare delicacy to the visiting members, a buck stew dinner.

Another successful group of huntrs leaving Nevada City were Buck Jones, Harrison Randall, Tony Cartoscelli, and Dick Lane. They killed a nice buck in the mountains east of Nevada City.

Last evening a group returned from hunting, in the Milton Dam country, east of this city. In this party were, Dave Richards, John Tognarelli, Herbert Skeahan, R. Arbogast, of this city; E. Brophy, San Francisco and James Brophy, Hammonton.

PHOTOS REVEAL CONDITIONS IN SCHOOL

Realizing that it would be impossible for all of the citizens in Nevada City to pay personal visits to the high school to see for themselves the conditions existing there, the student body has made it possible for them to see photographs taken within the last week at school.

Enlarged photographs taken in the boys' and girls' change rooms, the band room, and the assembly hall, during the course of a regular school day have been mounted on posters and may be seen in the windows of Dickerman's Drug Store, Colley Confectionery, or the Bank of America building. Also in Colley's show window is an architect's drawing of the proposed additions to the Nevada City high school. As soon as the drawing of the proposed new grammar school is completed, it will be displayed in Dickerman's These drawings will give citizens an idea of what the new school buildings will look like.

The student body at Nevada City high does not desire the voters to cast their ballots in ignorance of prevailing conditions. It hopes that the citizens will avail themselves of the opportunity of viewing these actual photographs before the voting on October 10.

ELKS LODGE DINNER

Sixty members of the Elks lodge of Nevada City were present to enjoy the delicious dinner of barbequed ham and sweet potatoes last Thursday evening in the Elks hall dining room. John Fortier was the chairman of the dinner committee, and Tom Riley, chef.

The whist party which was to have been held at Twamley Hall in North San Juan on Saturday night was postponed due to the sudden illness of Mrs. George Uhrig who was chairman of arrangements and was to be hostess for the affair.

Miss Helen Arbogast student at the College of the Pacific spent the week end with her parents, Mr. and Mrs Cary Arbogast.

FACULTY ASKS PUBLIC TO VISIT HIGH SCHOOL

Phincipal H. E. Kjorlie and faculty members of the Nevada City high school extend a cordial invitation to citizens of Nevada City to visit the high school during the next two days. Visitors will be taken through the building and will be permitted to attend classes whenever they desire. It is important that they get information first hand as well as through the medium of newspapers and photographs.

Elsewhere in this issue is an article with quotations from two Nevada City women who accepted an earlier invitation to visit the school. Their inspection trip proved interesting to them and convinced them of the necessity of additional buildings there. It is hoped that more citizens will visit before casting their votes on next Thursday.

E. C. UREN RETURNS FROM NEVADA TRIP

Mr. Ed C. Uren, mining engineer, returned to his home in Nevada City Saturday evening after a two weeks stay in the state of Nevada, He made an examniation and survey of a silver property 160 miles east of Reno, which was in steep rough country at an elevation of 7,800 feet.

While in Reno, Mr. Uren saw Mr. L. R. Robins, a former Nevada City mining man, who is superintendent of the Austin Silver Mining company property at Austin. Mr. Robins stated his property required a lot of development work. The little town of Austin has almost doubled in size in recent months having about 400 people in it at this time.

Mr. Uren also saw William Hooten, operator of the Oriental mine at Alleghany for a number of months. He is operating a silver property near Silver City.

While away Mr. Uren heard the old Con-Virginia mine at Virginia City is to be reopened. He was told the old Sutro Tunnel being reconditiond was found to be in fine shape when work started in it. Virginia City has grown to 1,100 population, nearly three times the population of last year.

"What it takes to win women, I've got."

"Then lend me a ten spot!"

HIGH SCHOOL P. T. A. WILL MEET TONIGHT

This evening the high school Parent Teachers association will meet at the high school to discuss last minute arrangements for getting out a full vote on the bonds. The entire faculty will be present and all citizens interested in the school bond issue are invited to attend.

"Parent Education" is the October theme of the Nevada City high school Parnt-Teacher Association.

Tonight at 7.30 the association will hold a meeting in the high school study hall. At this meetng Mrs. Hefelfinger, County School Nurse, will discuss "Simple Control Methods for Contagious Diseases."

Also there will be an open discussion of the school bond issue, so that every parent will understand the necessity of going to the polls and voting "Yes" on October tenth.

READY FOR WINTER

During the last few weeks several mining properties in the Alleghany section have been laying in winter supplies and mine equipment for a steady winter's operation.

At Forest three properties with regular crews are carrying out well planned development and will operate all winter. The Bald Mountain, in charge of Mr. C. W. Powers is working on well defined quartz ledges and an ancient channel. The South Fork property under Mr. W. Morgan has a crew that will work all winter. The Famous Circle is the other property with Mr. Bradbury in charge. It has been in operation about two years.

A Glimpse of Building Activity

VOL. 1. OCTOBER 7, 1935. No. 36.

The value of good wood shingles as the most economical roof covering is well illustrated by the age and condition of some of the old wood shingles now being torn off and replaced by new wood shingles.

No other roof covering so far as we know, for the same cost, will give the service of good wood shingles properly applied with galvanized nails.

Good locks and other finsh hardware set off a home as nothing else will. We have a good assortment of builders hardware to choose from and can suit your taste and purse.

The Gold Nugget on the Grass Valley Nevada City Highway is making extensive improvements and additions, among which is a large size Heatilator fireplace.

Pabco Composition Shingles are colorful and long lasting. We carry a stock in several patterns and colors. Pabco Roll Roofing also stocked — are the equal of any composition roofing made.

A vote for the school bonds is a vote for progress and the children.

If you want transportation to the polls in Nevada City call us at 498.
